

PG&E Talent Connect

Job Posting Title

Equipment Mechanic-Fresno

Job Posting Date: 01/18/2017

Requisition #: 53948952-E01

Job Category: Transportation

Job Level: 2. Individual Contributor

Company

Based in San Francisco, Pacific Gas and Electric Company, a subsidiary of PG&E Corporation (NYSE:PCG), is one of the largest combined natural gas and electric utilities in the United States. And we deliver some of the nation's cleanest energy to our customers in Northern and Central California. For PG&E, "Together, Building a Better California" is not just a slogan. It's the very core of our mission and the scale by which we measure our success. We know that the nearly 16 million people who do business with our company count on our more than 24,000 employees for far more than the delivery of utility services. They, along with every citizen of the state we call home, also expect PG&E to help improve their quality of life, the economic vitality of their communities, and the prospect for a better future fueled by clean, safe, reliable and affordable energy.

Pacific Gas and Electric Company is an Affirmative Action and Equal Employment Opportunity employer that actively pursues and hires a diverse workforce. All qualified applicants will receive consideration for employment without regard to race, color, national origin, ancestry, sex, age, religion, physical or mental disability status, medical condition, protected veteran status, marital status, pregnancy, sexual orientation, gender, gender identity, gender expression, genetic information or any other factor that is not related to the job.

Department Overview

The Transportation Services Fleet Department at PG&E is the premier provider of service and repair of light, medium and heavy-duty vehicles and equipment throughout the PG&E service territory.

Position Summary

This is an International Brotherhood of Electrical Workers (IBEW) Local 1245 represented classification, which has over 100 years of experience representing employees at PG&E. This job is subject to collective bargaining.

An Equipment Mechanic is a journey-level position. Equipment Mechanics are professional mechanics with a solid knowledge and background in a wide variety of mechanical skills. Skills include, but are not limited to, equipment service and repair of mobile hydraulics, aerial hydraulics,

OSHA boom inspections, CHP BIT Inspections, air brakes, electrical and electronic systems, diesel and gasoline powered vehicles and equipment. Equipment Mechanics are responsible for the maintenance, inspection and repair of company owned utility-related equipment.

This position is a DOT covered classification and is subject to random drug screening.
